---	-----------------------------

- taking into account individual needs when providing goods and services; and communicating in a manner that takes into account the customer's disability

### 2.1 Communication

We will communicate with people with disabilities in ways that take into account their disability by posting messages on our website, large print and on voice mail messages.

### 2.2 Telephone Services

We will train employees, volunteers and Board members to communicate with people with disabilities in plain language and to speak clearly provided extended length of time for messages to be accepted.

### 2.3 Assistive Devices

Customer's own assistive device(s):

4-H Ontario is committed to serving people with diverse disabilities who use their own assistive devices to obtain, use or benefit from our goods and services. We will ensure that our employees and volunteers ask how can we help the persons with disabilities.

In cases where the assistive device presents a safety concern or where accessibility might be an issue, other reasonable measures will be used to ensure the access of goods and services. For example, open flames and oxygen tanks cannot be near one another.

Therefore, the accommodation of a customer with an oxygen tank may involve ensuring the customer is in a location that would be considered safe for both the customer and business. Or, where elevators are not present and where an individual requires assistive devices for the purposes of mobility, service will be provided in a location that meets the needs of the customer.

We will not interfere with assistive devices unless permission from the owner/user is granted.

## 4. Use of Service Animals and Support Persons

### 4.1 Guide Dog, Service Animals or Service Dog

A customer with a disability that is accompanied by a guide dog, service animal or service dog will be allowed access to premises that are open to the public unless otherwise excluded by law. "No pet" policies do not apply to guide dogs, service animals and/or service dogs.

Volunteers will welcome people with disabilities and their service animals. Service animals are allowed on the parts of the premises that are open to the public.

We will not interact with service animals unless permission is granted by the owner/handler.

#### **Food Service Areas:**

A customer with a disability that is accompanied by guide dog or service dog will be allowed access to food service areas that are open to the public unless otherwise excluded by law.

Other types of service animals are not permitted into food service areas due to the

*Health Protection and Promotion Act, Ontario Regulation 562 Section 60.*

**Exclusion Guidelines:**

If a guide dog, service animal or service dog is excluded by law (see applicable laws below) 4-H Ontario will offer alternative methods to enable the person with a disability to access goods and services, when possible (for example, securing the animal in a safe location and offering the guidance of an employee).

**Recognizing a Guide Dog, Service Dog and/or Service Animal:**

If it is not readily apparent that the animal is being used by the customer for reasons relating to his or her disability, 4-H Ontario may request verification from the customer.

Verification may include documentation from any of the following regulated health professional:

- Audiologists
- Chiropractors
- Nurses
- Occupational Therapists
- Optometrists
- Medical Doctors
- Physiotherapists
- Psychologists
- Psychotherapists and mental health therapists

**Care and Control of the Animal:**

The customer that is accompanied by a guide dog, service dog and/or service animal is responsible for maintaining care and control of the animal at all times.

**Allergies:**

If a health and safety concern presents itself for example in the form of a severe allergy to the animal, 4-H Ontario will make all reasonable efforts to meet the needs of all individuals.

**Applicable Laws:**

The *Health Protection and Promotion Act, Ontario Regulation 562 Section 60*, normally does not allow animals in places where food is manufactured, prepared, processed, handled, served, displayed, stored, sold or offered for sale. It does allow guide dogs and service dogs to go into places where food is served, sold or offered for sale. However, other types of service animals are not included in this exception.

*Dog Owners' Liability Act, Ontario:* If there is a conflict between a provision of this Act or of a regulation under this or any other Act relating to banned breeds (such as pitbulls) and a provision of a by-law passed by a municipality relating to these breeds, the provision that is more restrictive in relation to controls or bans on these breeds prevails.

## 4.2 Support Persons

A person with a disability who is accompanied by a support person will be allowed to have that person accompany them on our premises. In certain cases 4-H Ontario might require a person with a disability to be accompanied by a support person for

health or safety reasons.

Before making that decision, 4-H Ontario must:

- Consult with the person with a disability to understand their needs.
- Consider health or safety reason based on available evidence.
- Determine if there is another reasonable way to protect the health or safety of the person or others on the premises. If not, 4-H Ontario

This information will be posted on the 4-H Ontario website and updates will be made on registrations forms. Consent from the person with a disability is required when communicating private issues related to the person with a disability, in the presence of a support person.

## 5. Notice of Temporary Disruption

4-H Ontario will provide customers with notice in the event of a disruption in the facilities or services usually used by people with disabilities. This notice will include information about the reason for the disruption, its anticipated duration, and a description of alternative facilities or services, if available. We will not be able to give adequate notice in case of an emergency temporary disruption.

In order to make information accessible the signs and printed notices should be clearly laid out, or sufficient size and easily readable.

### **Notifications Options:**

- Signs and printed notices will be displayed prominently at the entrance to the office.
- Notices will be posted on the 4-H Ontario website.
- Voice mail messages will be posted.
- Verbally notifying customers when they are making an appointment

## 6. Training for Staff

4-H Ontario will train employees, volunteers and Board members on accessible customer service and how to interact with people with different disabilities. Training will be provided to 4-H Ontario employees and volunteers as part of orientation training for new employees and volunteers on a continuing basis as required. This training will be provided to employees within 10 days of their hiring and to new volunteers within 90 days of their start as a volunteer with 4-H Ontario.

Training will include:

- Link to the Accessibility for Ontarians with Disabilities Act, 2005.
- Link to 4-H Ontario's accessible customer service policy.
- How to interact and communicate with people with various types of disabilities
- How to interact with people with disabilities who:
  - use Assistive device or
  - require the assistance of a guide dog, service dog or other service animal; or
  - require a support person.
    - How to use the equipment or devices on premises, e.g. wheelchair lifts, walkers, etc.
    - What to do if a person with a disability is having difficulty in accessing 4-H Ontario's goods and services.

Revised: September 15, 2019

## Section 4.2 – 4-H Operating Policies & Procedures

Employees, volunteers and Board members will be updated when changes are made to the Accessible customer service policy.

### 7. Feedback Process

The ultimate goal of this policy is to meet service delivery expectations while serving customers with disabilities. 4-H Ontario welcomes feedback on our services regarding how well those expectations are being met. This feedback can be sent in by e-mail, website form or feedback card. Customers can expect to hear back within two (2) business days. Complaints will be addressed according to our organization's regular complaint management procedures.

#### **DEFINITIONS**

**Assistive Device** – is a technical aid, communication device or other instrument that is used to maintain or improve the functional abilities of people with disabilities. Personal assistive devices are typically devices that customers bring with them such as a wheelchair, walker or a personal oxygen tank that might assist in hearing, seeing, communicating, moving, breathing, remembering and/or reading.

**Disability** – the term disability as defined by the *Accessibility for Ontarians with Disabilities Act, 2005*, and the *Ontario Human Rights Code*, refers to:

- any degree of physical disability, infirmity, malformation or disfigurement that is caused by bodily injury, birth defect or illness and, without limiting the generality of the foregoing, includes diabetes mellitus, epilepsy, a brain injury, any degree of paralysis, amputation, lack of physical co-ordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment, or physical reliance on a guide dog or other animal or on a wheelchair or other remedial appliance or device;
- a condition of mental impairment or a developmental disability;
- a learning disability, or dysfunction in one or more of the processes involved in understanding or using symbols or spoken language;
- a mental disorder; or
- an injury or disability for which benefits were claimed or received under the insurance plan established under the Workplace Safety and Insurance Act, 1997.

**Guide Dog** – is a highly-trained working dog that has been trained at one of the facilities listed in Ontario Regulation 58 under the *Blind Persons' Rights Act*, to provide mobility, safety and increased independence for people who are blind.

**Service Animal** – as reflected in *Ontario Regulation 429/07*, an animal is a service animal for a person with a disability if:

- it is readily apparent that the animal is used by the person for reasons relating to his or her disability; or
- if the person provides a letter from a physician or nurse confirming that the person requires the animal for reasons relating to the disability.

**Service Dog** – as reflected in *Health Protection and Promotion Act, Ontario Regulation 562* a dog other than a guide dog for the blind is a service dog if:

- it is readily apparent to an average person that the dog functions as a service dog for a person with a medical disability;
- or the person who requires the dog can provide on request a letter from a physician or nurse confirming that the person requires a service dog.
