Future Leaders in Action!

My name is Curtis Blair and this past March Break I had a wonderful opportunity to spend my birthday at a 4-H camp known as FLIA. I did what any sensible 4-Hers would do - I jumped at the chance to attend and I was so glad I did.

FLIA stands for “Future Leaders in Action” and it was a blast. It is a great opportunity to grow and find out some of the things I am capable of achieving. When we first got there we were directed to the cabin we were sleeping in. We had a little time to unpack and get settled, then the fun began. Back to the main room to do some ‘get to know you’ icebreakers fun activities and challenges. It was fun getting to know my fellow campers from across Ontario. We made group mascots for our preassigned groups. We also did some indoor and outdoor activities; high ropes, snowshoeing and other fun goings-on.

The last day was the most memorable, and not only because it was my 18th birthday or the great banquet, but because we did an “escape room” and it was an awesome day from start to finish! We also did a challenge where we had to build a car out of LEGO and race them, but with a 4-H twist.

I had an amazing time at FLIA and I would encourage anyone to attend any 4-H camp or conference; to go and just have fun and learn about who you are and what you are capable of achieving.
